

Please cut around the label and attach it securely to the box (es). NOTE: If you are attaching a label to an item in its own box(i.e. the manufacturer's printed box) please DO NOT use glue. The preferred method is to use sticky tape round all four edges. Ideally the label should be affixed over an existing carrier label (if present). If you have used an inkjet printer then covering the label with a square of clear plastic (cut from a clear plastic bag) will assist in the efficient return of your item(s).

Returns Dept:

RMA Number: \_\_\_\_\_

Deliver to:

Scan Computers  
 25-28 Enterprise Park  
 Middlebrook  
 Horwich  
 BL6 6PE

Please detach and fill in the products returned section and place in the returning parcel/box
